For order as to maintainability of petition

11.8.2025

None present for the petitioners

This is an old case of 2022, which is over three years ago. On 10.1.2024 and 07.3.2024, which is over a year ago, none was present for the petitioners without intimation. The petitioners were put on notice to satisfy this Court about the maintainability of this petition. Today, once again, the petitioners are called absent without intimation. The question of maintainability still remains unresolved. It appears that the petitioners might have no serious interest in pursuing this old petition, which is accordingly dismissed for non-prosecution.
