ADNAN-UL-KARIM MEMON J:- The petitioner challenged HESCO's placement of his agricultural tube-well connection under tariff category D-1B instead of D-2, contending that the connection was sanctioned for agricultural purposes and that his other two tube-well connections were also charged under D-2. He sought correction of the tariff category, revision of the bills, and protection against disconnection.

2. The learned DAG submitted that the issue of correction of the tariff category, revision of the bills, and protection against disconnection needs to be dealt with by the NEPRA Tribunal, which, if approached, needs to be decided in accordance with law within two months.

3. Learned counsel for the petitioner has no objection to the aforesaid proposition so forward by the learned DAG.

4. Without touching the merits of the case, the petition is disposed of with liberty to the petitioner to approach the NEPRA Tribunal, which, if approached, is directed to decide the application in accordance with law within two months; as the issue of limitation shall also be considered by the Tribunal due to pendency of the petition before this court.
