1. For order on MA No.12944/2022.
2. For order on MA No.12945/2022

**03.11.2022**

Mr. Jibran Nasir advocate for respondent No.3.

.....

1. Urgency granted.

2. By orders dated 12.10.2022 and 01.11.2022 this matter was disposed of with direction for re-constitution of medical board/committee. This application speaks that lady doctor Fatima Riaz has flashed her report as well as report of Dr. Uzma Ali on print, digital and electronic media, which is contrary to the provisions of Sindh Children Act 1955 as child victim's name, parentage and age as well as facts of child victim cannot be flashed in print, electronic and digital media. He further contends that there is grave apprehension that such practice can be repeated.

Under these circumstances, the Director General, FIA and Chairman, PTA, are hereby directed to remove all material with regard to victim from the media including facebook, youtube and other social media websites, within two days; as well referred reports shall not be flashed on print, electronic and digital media. Accordingly this application is disposed of.

Besides, in earlier order direction was issued that reports of both doctors' as referred above, may be placed before trial court. It is pertinent to mention that since Dr. Fatima Riaz herself contended that she was under pressure and therefore her report may be not in favour of the victim, shall not be considered and referred to the trial court.
